Day 2: Colombo to Bentota. (4 Nights)

Reaching Bentota

Bentota can be reached by Colombo-Galle main road (A2) as well as by Colombo-Galle-Matara Southern Railway line. While the railway line from Negombo to Colombo mostly runs through the inland the continuation of the track from Colombo to Matara passing Bentota, in most of the stretch, hugs the southern coast studded with pristine tropical beaches.

Importance of Bentota

Bentota is the prime beach resort of the south-western and southern coastal belts of Sri Lanka. South of the city of Colombo, the city of Kalutara with its fine beach is the gateway to south western and southern bay beaches. Kalutara is the next popular beach. The Beruwala Bay Beach that is just before reaching Aluthgama at the Bentota Bridge and Bentota Bay Beach just over the bridge are the most popular twin beaches in the coast. The coast to the further south and onwards to the Deep South too is replete with lovely topical beaches.
Diving at Bentota Beach

The waters are usually delightfully warm; a range of scuba diving and snorkeling stores in the vicinity, the majority operated by industry certified professionals holding the PADI certification provide equipment, assistance and guidance to the diving enthusiasts. Bentota is a true dream destination for the die-hard divers.

Bentota's principal dive site is Canoe Rock, where you will find sandy areas as well as sections with coral formations. Divers have the option of diving from a boat or straight from the shore, with the former being more popular and perhaps more exciting.

A night dive is a good option for the enthusiast who craves adventure. Crucially, the majority of diving operators take supplies of pure oxygen with them to counter the risk of decompression.
